

# ACTIVE INTERNATIONAL VOLUNTEERING

INTERNATIONAL VOLUNTEERING

## African Child Trust

## ACTIVE is the ACT International Volunteering Effort

Are you passionate about Africa and willing to use your experience, knowledge and resources in poverty alleviation?

We are partnering with the VSO, an international development charity, to send out volunteers on short term assignments of 2 – 4 weeks to Tanga, Tanzania where we will be providing five secondary schools with computers.

We want you to use your ICT skills and other developmental skills such as curriculum development, capacity building and organizational development to give training to teachers and help make a change to the lives of the children in the community.
